

😄 Advanced Pattern Problems 😄

Steps:

1. Make a new repository on [Github](#) with the name **advanced-pattern-problems-ia**
2. Practice pattern problems on your computer then upload it to repo.
3. Once done, switch to the next step- HackerRank Questions.

🔑 Please Note that this document keeps on updating.

Before moving ahead, Do [Basic Level Pattern Problems](#) First

1. Half-cut hollow diamond

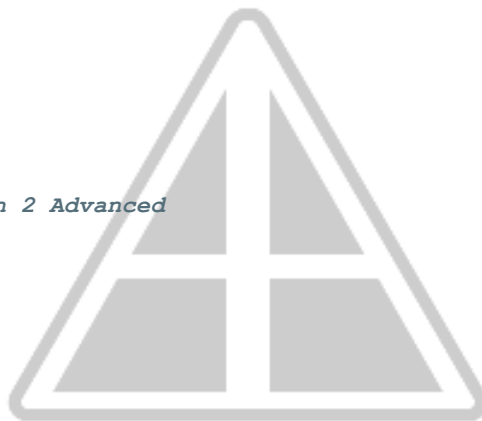

```
*      *
**     **
***    ***
****   ****
*****
```

2. The inverse of Pattern 2 Advanced

```
*****
****  ****
***   ***
**    **
*     *
```

3. Print Crown pattern

```
*      *      *
**     ***     **
***    *****    ***
****   *         *   ****
*****
```
